FOR IMMEDIATE RELEASE

NEW SIDEWALK PROJECT TO BEGIN IN ARROWHEAD SUBURBAN FARMS

SAN BERNARDINO – A new sidewalk project approved today will provide a safe route to school for the students living in and around north San Bernardino's Arrowhead Suburban Farms area.

San Bernardino County 5th District Supervisor Josie Gonzales allocated funds to cover the \$138,746 project. Construction, running along the east side of Mountain Drive from 41st to 48th streets, will include sidewalk, curb, gutter and asphalt paving.

“Arrowhead Farms Neighborhood Association deserves all the credit,” said Supervisor Gonzales. “The Association is a proactive group. They identified the need in their community and submitted the proposal to my office.”

“As a result of their commitment to improve their community the children will soon walk safely to and from school rather than walking in the dirt shoulder that is many times muddy and flooded during our rainy seasons,” said Gonzales.

Weather permitting, the students of Newmark Elementary and other nearby schools will be using the new sidewalks by mid-April.

Supervisor Gonzales has allocated more than \$2.5 million for safe route to school sidewalk projects throughout the 5th District's unincorporated areas.

The 5th District includes the unincorporated areas of Bloomington, Muscoy and Arrowhead Farms, the City of Rialto, major portions of the cities of Colton and San Bernardino, and the eastern portion of the City of Fontana.
